

Blessed Luigi Biraghi

## **Blessed Luigi Biraghi**

Founder of the Sisters of St. Marcellina

Father, You who created everything from nothing and made men in your own image as a living sign of your glory, grant us the ardent faith that enlivened and supported blessed Luigi Biraghi every day of his life in joy and sorrow, in toil and hope.

Make us love and serve You alone, as he did.

Jesus, son of God, who called us friends and who ordered us to love one another, as you have loved us, ready to give our own life, grant that we may be encouraged and supported by Blessed Luigi's example of charity in our meeting the little ones, the poor and the needy, who are your precious treasure.

Spirit of Holiness and Wisdom, who inspired Blessed Luigi to become a saint "out of all measure", give us the same desire to overcome the temptation of discouragement and mediocrity. Give your wisdom to all those who educate so that they may understand the marvellous plan that God has for each human being.
